

Jackson County Mass Transit District
TITLE VI PLAN

I. Purpose of Plan

Title VI of the Civil Rights Act of 1964, as amended, applies to U.S. Department of Transportation Federal Transit Administration (FTA) sub-recipients. The purpose of Title VI is to ensure that no person in the United States shall, on the grounds of race, color, creed or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance from the FTA. Later statutes extended the scope of Title VI to include prohibitions against discrimination on the basis of age, sex, and disability. The program described herein describes Jackson County Mass Transit District's efforts to comply with the Title VI regulations issued by the U.S. Department of Justice and the U.S. Department of Transportation. The objectives of The Rides Mass Transit Title VI program are to:

- Ensure that the level and quality of transportation service is provided equitably and without regard to race, color, national origin, income, age, sex, or disability;
- Avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects of programs and activities on minority populations and low-income populations;
- Ensure the full and fair participation of all affected populations in transportation decision making;
- Prevent the denial, reduction, or delay in benefits related to programs and activities that benefit minority populations or low-income populations; and
- Ensure that persons with limited English proficiency have meaningful access to programs and activities that are administered by recipients and sub-recipients.

II. THE JACKSON COUNTY MASS TRANSIT DISTRICT TITLE VI PROGRAM

JCMTD will report the information contained in this section to IDOT on a triennial basis with the first submission parceled as part of the plan. The following report addresses each of the eight primary Title VI considerations and the associated forms, policies, and activities of its Title VI program.

1. Title VI Complaint Procedures

In order to comply with 40 CFR Section 21.9 (b) JCMTD has developed procedures for investigating and tracking Title VI complaints. The procedures for filing a complaint will be made available to members of the general public. The following measures will be taken in dealing with Title VI Complaints:

- 1) A formal complaint must be filed within 180 days of the alleged occurrence. Complaints shall be in writing and signed by the individual or his/her representative, and will include the Complainant's name, address, and telephone number; name of alleged discriminating official, basis of complaint (race, color, national origin, sex, disability, age), and the date of alleged act(s). A statement detailing the facts and circumstances of the alleged discrimination must accompany all complaints. Exhibit II provides JCMTD's Title VI complaint form.
- 2) In the case where a Complainant is unable or incapable of providing a written statement, a verbal complaint of discrimination may be made to JCMTD's Title VI Coordinator. Under these circumstances, the complainant will be interviewed, and the Coordinator will assist the Complainant in converting the verbal allegation into writing.
- 3) JCMTD will investigate complaints filed against contractors, consultants, or other sub-recipients. Complaints filed directly against JCMTD shall be forwarded to the IDOT Title VI Coordinator for investigation.
- 4) When a complete complaint is received, the Title VI Coordinator will provide written acknowledgement to the Complainant within five (5) days by registered mail. At the same time, the complaint will be forwarded to the State of Illinois for investigation.
- 5) If a complaint is deemed incomplete, additional information will be requested from the Complainant within 15 business days from receipt of the original complaint. The Complainant will be provided 60 business days to submit the required information. Failure to do so may be considered good cause for a determination of no investigative merit.

3. Meaningful Access to LEP Persons

Title VI and its implementing regulations require that FTA sub-recipients take reasonable steps to ensure meaningful access to the benefits, services, information, and other important portions of their program and activities that have Limited English Proficient (LEP) individuals. Circular 4702.1A states that LEP persons are *“persons for whom English is not their primary language and who have a limited ability to speak, understand, read, or write English. It includes people who reported to the U.S. Census that they do not speak English well, or do not speak English at all.”*

JCMTD has assessed the four main factors involved in developing a Language Implementation Plan as described in the Federal Transit Administration guidance entitled “Implementing the Department of Transportation’s Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons: A Handbook for Public Transportation Providers.” These steps are as follows:

- (1) Identifying the number or proportion of LEP persons eligible to be served or likely to be encountered by a program activity, or service of the recipient or grantee. Based on the 2016 updates to the U. S. Census, JCMTD undertook an analysis of the languages spoken in Jackson County Illinois and estimated the number of residents with Limited English Proficiency by language group. A summary of this data is provided below in Exhibit IV. As can be seen, the primary language spoken at home within the JCMTD service area is English (90.3 %) followed by Indo-European (3.4%) and

Spanish (3.0 %). Approximately 9.7 percent (%) of the residents 5 years of age and older may speak a language other than English at home and 2.5 percent (%) of the residents in the service area speak English “less than very well.” Based on the LEP definition, a total of 1424 of the 56,020 individuals in the JCMTD service area, or 2.5 percent (%) of the total 5yrs+ population were identified as having Limited English Proficiency.

Exhibit IV English and Non-English Speaking Residents of JCMTD Area

Table of Data

Total Population (over 5yrs)	56,020	100%
Speak only English	54,595	90.3%
Speak Spanish:	1,699	3.0%
Speak English "very well"	1,329	2.3%
Speak English less than "Very Well"	370	0.6%
Speak other Indo-European languages:	1,881	3.4%
Speak English "very well"	1,465	2.6%
Speak English less than "Very Well"	416	0.7%
Speak Asian and Pacific Island languages:	1193	2.1%
Speak English "very well"	707	1.2%
Speak English less than "Very Well"	486	0.9%
Other languages 152 or .2% English less than ‘very well’		

(2) Determining the frequency with which LEP individuals come in contact with the program. JCMTD has not received a ride request from any individual who had difficulty communicating in English. JCMTD, however, is aware of individuals and agencies within the community that are able to provide translation services on an as needed basis and is committed to using these resources on a case by case basis as the need arises.

(3) Defining the nature and importance of the program, activity, or service provided by the recipient to people’s lives. The system brochures clearly state that JCMTD service is open to all without discrimination based on race, creed, color, national origin, gender, sexual orientation, or disability. JCMTD recognizes and is committed to the importance of access to transportation for all community residents.

(4) Describing the resources available to the recipient and costs. Brochures and other rider literature provide this information.

Since the USDOT LEP Guidance identifies 1000 individuals or 5% of the population eligible to be served falling within a specific LEP language group as a threshold above which vital documents should be provided in translation. Since the JCMTD service area does not meet this threshold, a LEP Implementation Plan has not been established. However, JCMTD has determined that the most cost effective means of delivering competent and accurate language services is to address the need on a case-by-case basis. As such, JCMTD will have available summaries of all vital documents translated upon request to suit the needs of each individual. In addition, qualified JCMTD staff and community volunteers will be used when oral translation is needed. Any further requirement will be discussed individually on an as requested basis.

4. Beneficiary Notification Protection under Title VI

In order to comply with 49 CFR Section 21.9 (d), sub-recipients shall provide information to the public regarding their Title VI obligations and apprise members of the public of the protections against discrimination afforded to them by Title VI. JCMTD disseminates this information to the public through measures that include posting on the transit system website, and flyers placed at county offices. The notice will be translated into languages other than English consistent with LEP Guidelines. Exhibit IV is JCMTD's Title VI Protection Notice to the Public.

EXHIBIT IV: JCMTD TITLE VI PROTECTION NOTICE TO THE PUBLIC

Jackson County Mass Transit District hereby gives public notice of its policy to uphold and assure full compliance with Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and all related statutes. Title VI and related statutes prohibiting discrimination in Federally-assisted programs require that no person in the United States of America shall on the grounds of race, color, or national origin, sex, age, or disability be excluded from the participation in, be denied the benefits of, or be otherwise subjected to, discrimination under any program or activity receiving Federal financial assistance. This notice is published annually in newspapers, JCMTD literature, posted on the JCMTD website and at JCMTD facilities.

Any person who believes they have been aggrieved by an unlawful discretionary practice regarding JCMTD's programs has the right to file a formal complaint. Any such complaint must be in writing and submitted to the JCMTD Title VI Coordinator within one hundred eighty, (180) days following the date of the alleged occurrence. 5. Additional information requests

JCMTD fully understands that IDOT may request additional information to investigate complaints of discrimination or to resolve concerns about possible noncompliance with Title VI. JCMTD will cooperate with IDOT, and all requested information would be provided in a timely manner.

6. Submission of Title VI Program

To ensure compliance with 49 CFR Section 21.9 (b), this report will serve as documentation of JCMTD's Title VI compliance. JCMTD will prepare and submit updates to this Title VI program to the IDOT on a triennial basis.

7. Conducting Analysis of Construction Projects

JCMTD will integrate an environmental justice analysis into the National Environmental Policy Act (NEPA) document of construction projects. In the event that a construction project requires NEPA documentation, JCMTD will complete IDOT's standard environmental assessment (EA) and will submit the EA as part of each triennial Title VI submission.

8. Promoting Inclusive Public Participation

In compliance with the DOT Order on Environmental Justice, JCMTD conducts public outreach and involvement activities with minority and low-income populations. JCMTD undertakes public outreach activities including:

- Provide notice and affording members of the public, including minority and low-income populations, the opportunity to comment on proposed service and fare changes.
- Provide members of the public the opportunity to participate in the decision making process for projects subject to the National Environmental Policy Act (NEPA).
- Provide members of the public, including minority and low-income populations, the opportunity to participate in or to comment on the agency's strategic plan or capital improvement program.
- Offers the public, including low-income and minority populations, routine opportunities to provide feedback or comment on the level and quality of service.

5. PUBLIC PARTICIPATION AND NOTIFICATION

Public participation, notifications of program changes and other public engagement is outlined in the JCMTD Public Participation Plan (PPP). Included with the PPP is a summary of the public engagement efforts of JCMTD for the last fiscal year and a schedule of public meetings for the current fiscal year. These meetings seek to engage the public

6. Subrecipient Monitoring

JCMTD has no subrecipient providers.

III. SERVICE EQUITY ANALYSIS

MINORITY, LOW-INCOME, AND LIMITED ENGLISH PROFICIENCY POPULATION CONCENTRATIONS

JCMTD Does not operate fixed route services.

JCMTD provides transportation services via deviated route and point deviation services. Rider access and travel times vary with each request. Management insures a balance of resources is available to meet specific demand throughout the JCMTD service area. Vehicles and personnel are shared between centers when necessary to cover increased demand. Demand factors related to concentrations of persons with disabilities and households without access to a vehicle are also considered.

Included on the following pages are demographic profile maps that illustrate minority, low income and other populations in relation to JCMTD's service area.

SERVICE MONITORING

The JCMTD Operations Manager will monitor service level and service quality to ensure that no person or group of persons shall be discriminated against with regard to the route, scheduling, or quality of transportation service furnished by the JCMTD system, on the basis of race, color, national origin, age, sex or disability. Frequency of service, age and quality of vehicles assigned, quality of facilities, and location of routes shall not be determined on the basis of race, color, national origin, age, sex, or disability.

JCMTD ENVIRONMENTAL JUSTICE AND TITLE VI SUMMARY

Title VI of the Civil Rights Act prohibits discrimination on the basis of race, color, or national origin. IDOT and JCMTD advance Title VI and environmental justice by involving the public in transportation decisions. Effective public involvement programs

enable transportation professionals to develop systems, services, and solutions that meet the needs of the public, including minority and low-income communities.

There are three fundamental environmental justice principles. The three principles are:

1. To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
2. To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
3. To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.
